
SUSTAINABILITY REPORT

01st July 2023 - 30th June 2024

TRITON MIDDLE EAST LLC
PO Box:3350, New Industrial Area
Umm Al Quwain, UAE.

Compiled by,
Shanoj Sharafudeen

The logo for Triton Middle East is located in the bottom right corner. It features the word "TRITON" in a large, bold, white, sans-serif font. The letter "O" in "TRITON" is stylized with a blue and purple wave-like graphic. Below "TRITON", the words "MIDDLE EAST" are written in a smaller, white, sans-serif font, with each word on a separate line.

1.0. Introduction

Triton Middle East LLC is unwavering in its dedication to adhering to the highest standards of sustainability across all facets of our operations. Our steadfast commitment extends to our entire supply chain and all stakeholders who share our vision for sustainable excellence.

As a testament to our unwavering dedication, Triton Middle East LLC proudly holds certifications from renowned organizations, including Bureau Veritas for ISO 9001:2015, and Intertek for ISO 14001:2015 and ISO 45001:2018. Our Sealant products undergo rigorous testing, and our factory has achieved certification under Dubai Municipality's esteemed Green Building Certification scheme.

The recognition of our sustainability efforts is further exemplified by our prestigious "SILVER" rating in the Sustainability assessment conducted by 'ECOVADIS'. In tandem with these achievements, we have diligently implemented a Business Code of Conduct rooted in the best sustainable practices. Our organizational framework is fortified by a comprehensive array of policies, including Quality, Occupational Health and Safety, Environmental Stewardship, Human Rights, Sustainable Procurement, Whistleblowing, and Code of Conduct for Suppliers and Fair Competition Practices.

Our commitment to sustainability is not just a proclamation; it is a dynamic pursuit guided by SMART objectives and KPIs. Our sustainability targets are rigorously constructed and subject to ongoing monitoring, ensuring that our endeavors remain aligned with our principles and aspirations.

1.1. Management

GRI 102-1, GRI 102-2, GRI 102-11

At Triton Middle East LLC, governance and leadership in matters of sustainability are emblematic of our organizational ethos. The stewardship of our initiatives rests in the capable hands of a distinguished Board of Directors, presided over by our esteemed CEO.

A hallmark of our commitment to sustainability is the direct involvement of our CEO in the formulation and oversight of all policies and codes of conduct pertaining to this vital facet. The imprints of our CEO's discerning vision and dedication adorn each of these documents, reflecting a top-tier endorsement that permeates every level of our operations.

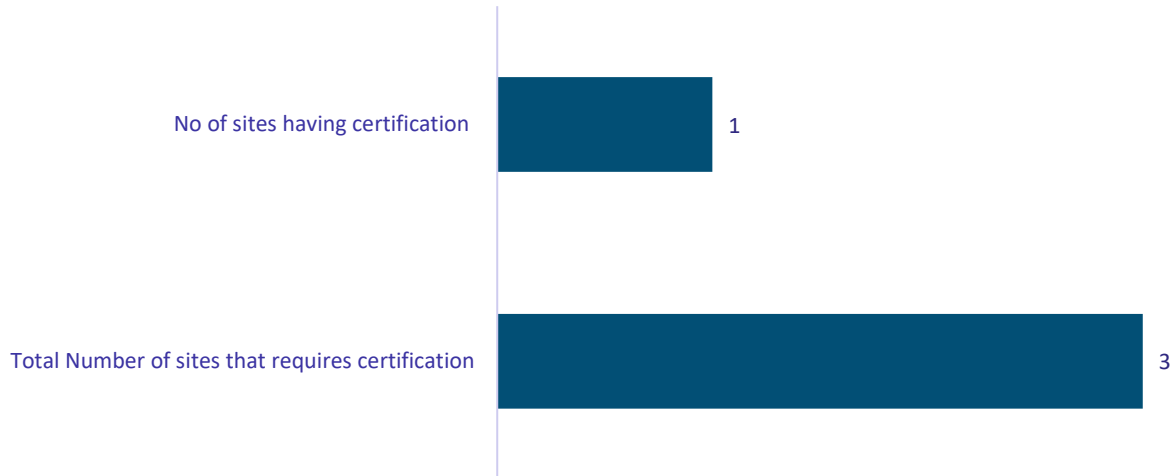

Underpinning this hierarchical structure are Department Managers, each endowed with distinct roles and responsibilities tailored to their areas of expertise. These accomplished leaders assume the mantle of Quality, Health, Safety, and Environmental custodians, ensuring that these essential dimensions are upheld with unwavering rigor.

2.0. Health and Safety Performance

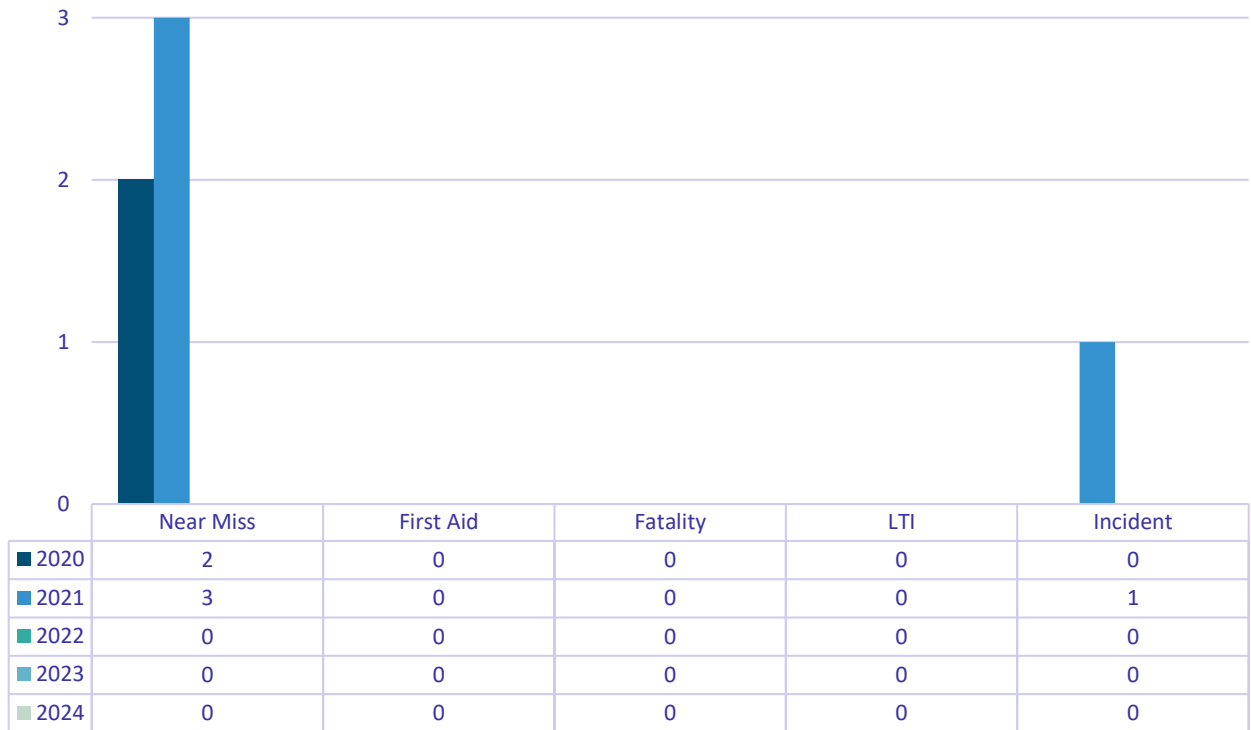

GRI 403-1, GRI 403-6, GRI 403-8, GRI 403-9

Triton Middle East operates in strict accordance with the Occupational Health and Safety Management System, meticulously aligned with the esteemed ISO45001:2018 Management System Standard, certified by Intertek. This comprehensive system is an integral pillar of our commitment to safeguarding the well-being and security of our workforce, underpinning every facet of our operations with internationally recognized best practices.

2.1 ISO 45001 Certification

2.2 Health and Safety Indicators

In reporting period,

Accident Frequency rate = 0

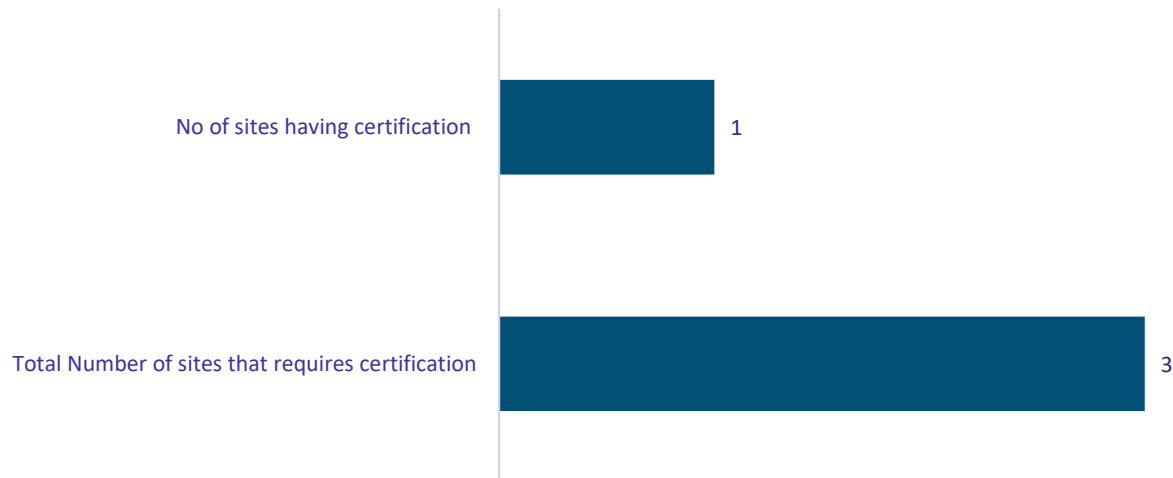

Accident Severity rate = 0

3.0. Environmental Performance

GRI 305-1, GRI 305-2, GRI 305-3, GRI 306, GRI 302-1, GRI 302-4, GRI 302-5, GRI 303-5

Triton Middle East is steadfastly guided by the principles of environmental stewardship, as reflected in our operational adherence to the Environmental Management System established under the esteemed ISO14001:2015 Management System Standard, certified by Intertek. This comprehensive system serves as a cornerstone of our commitment to safeguarding and enhancing the ecological integrity of our operations.

3.1 ISO 14001 Certification

3.2 GHG Emissions

We maintain a vigilant focus on tracking and quantifying our greenhouse gas (GHG) emissions, a paramount endeavor in our ongoing commitment to environmental responsibility. In line with our steadfast dedication to transparency and accountability, we present a concise visual representation of our GHG emissions over the preceding 12-month period in the chart below.

GHG Emissions in tCO2e

GHG emissions per Ton production tCO2e

3.3 Electricity Consumption in KWh / Ton production

3.3 Water Consumption

3.4 Sustainable Printing Paper Consumption (A4 sheets)

3.5 Recycle / Reuse

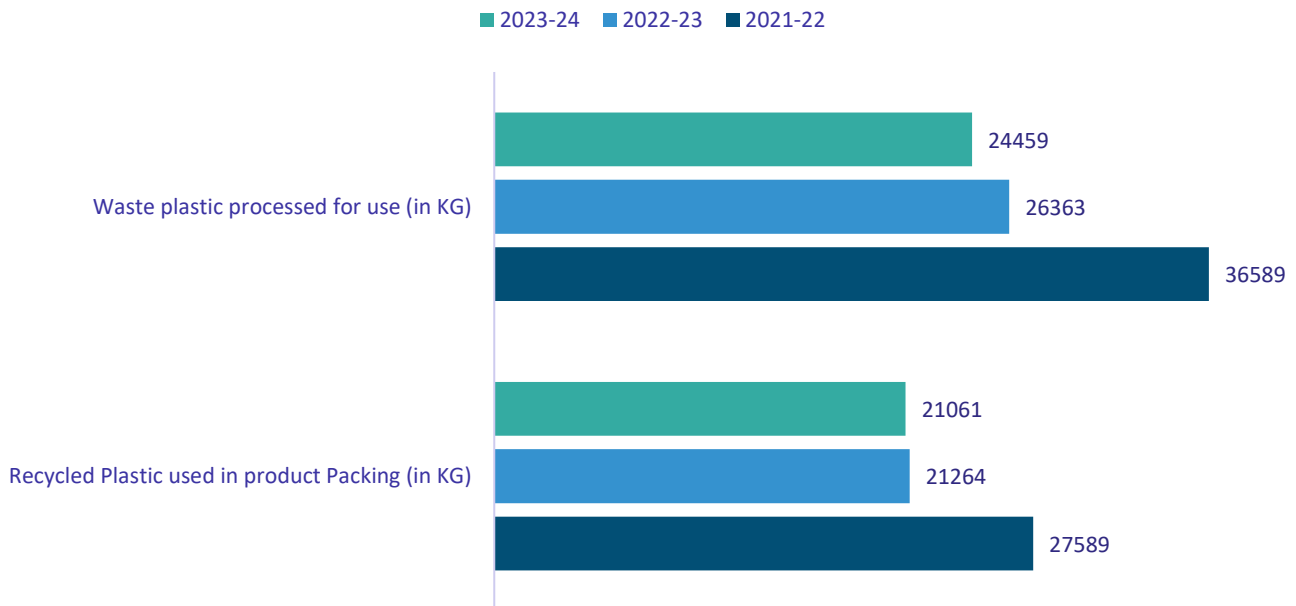

Triton Middle East LLC is steadfastly committed to responsible waste management practices. In lieu of discarding used paper and plastics into general waste, we have implemented a proactive recycling initiative. Through this endeavor, we conscientiously channel these materials into recycling processes, underscoring our dedication to reducing our environmental footprint.

3.5.1. Recycling through external agency.

3.5.2. In-house plastic recycling

Through our dedicated efforts, damaged cartridges, and waste High-Density Polyethylene (HDPE) materials are carefully repurposed within our facility. By recycling and reusing these materials, we not only reduce the environmental impact of waste disposal but also contribute to the circular economy, ensuring that valuable resources are given new life.

3.6. Waste

Our hazardous waste disposal protocol ensures that potentially harmful materials are meticulously handled, packaged, and transported by authorized agencies with the requisite expertise. By entrusting this crucial task to accredited entities, we mitigate the potential risks associated with hazardous waste, safeguarding both public health and the environment.

Simultaneously, our responsible disposal of non-hazardous waste through authorized agencies reflects our holistic commitment to minimizing our ecological footprint. This practice speaks to our devotion to ethical waste management and underscores our pledge to contribute positively to the communities and ecosystems we operate within.

4.0. Labor and Human rights

GRI 102-7, GRI 404-1, GRI 404-2, GRI 401-1, GRI 405-2

4.1 Labor

Triton Middle East LLC stands as a paragon of adherence to the labor regulations set forth by the UAE Ministry of Human Resources. Our steadfast commitment to legal and ethical employment practices is evident through our 100% compliance with formal contracts, sanctioned by the Ministry and jointly endorsed by both employee and employer. This includes ensuring salary, overtime, annual leave, and sick leave benefits are meticulously disbursed in accordance with contractual terms.

The working hours, break intervals, and holidays established align harmoniously with the UAE labor law, a testament to our devotion to a fair and just work environment. These pivotal provisions are encapsulated within our Business Code of Conduct, which reinforces our dedication to transparency and ethical conduct.

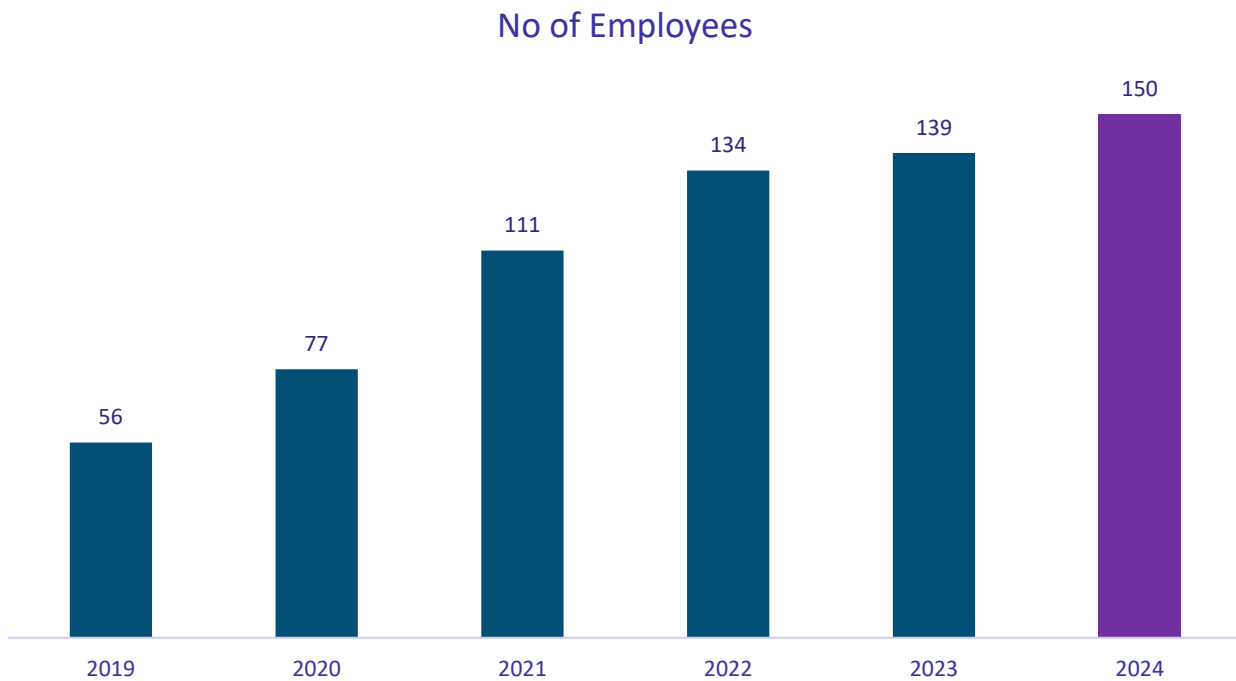

The absence of any registered labor complaints with the UAE Ministry of Labor underscores the effectiveness of our commitment to fostering a harmonious and legally compliant work environment.

In acknowledgment of evolving work paradigms, Triton Middle East LLC actively champions flexible options such as remote work and work-from-home arrangements.

This flexible approach is coupled with our commitment to staff well-being, manifested in the provision of complimentary meals for all employees, including office staff.

Our dedication to employee welfare extends further through comprehensive health insurance coverage, a provision that reflects our commitment to the holistic well-being of our workforce. Moreover, we are steadfast advocates of inclusivity, evident through initiatives like break time for nursing mothers and paid parental leaves, ensuring that the diverse needs of our employees are thoughtfully addressed.

Our impressively low employee turnover rate underscores the positive work environment and the mutual respect shared between the company and its workforce. Triton Middle East LLC proudly stands as an exemplar of responsible, ethical, and employee-centric business practices, contributing to the well-being and prosperity of both our team members and the broader community.

Results of Employee Satisfaction Survey

8. Overall, how satisfied are you working for the company?

77 responses

4.1.1 Training

Triton Middle East LLC places a strong emphasis on continuous learning and professional development for our employees. We offer a comprehensive training program that encompasses both offline and online training modalities, tailored to cater to the diverse needs and preferences of our workforce.

Total trainings in reporting period = 13 Nos

Tool box talks – 600 Nos

Average training hours per employee = 1 Hour

4.2 Human Rights

Triton Middle East LLC demonstrates an unequivocal commitment to upholding human rights, a commitment grounded in alignment with international legal frameworks. In line with this principled stance, we strictly adhere to employing individuals who are 18 years of age or older, in observance of their rights and well-being.

Our resolute stance against discrimination is a fundamental pillar of our operations. Discrimination on the grounds of gender, race, religion, or regional origin finds no place within the corridors of Triton Middle East. This unequivocal prohibition echoes our

dedication to fostering an inclusive and diverse work environment that values and respects the dignity and rights of every individual.

With a pristine record of ZERO human rights violations reported since our company's inception, we underscore our unwavering commitment to creating a workplace that is free from infringements and conducive to mutual respect and collaboration.

The principle of gender equality is upheld through our practice of offering identical salaries and benefits to both males and females for the same job categories. This embodies our belief in fairness and our commitment to eradicating gender-based disparities.

- **Percentage of women employees – 6.67%**
- **Percentage of women in top executive/Senior management position – 33%**

5.0. Ethics

GRI 406-1, GRI 408-1, GRI 409-1

Triton Middle East LLC's commitment to upholding ethical standards is encapsulated in our comprehensive 'Business Code of Conduct'. This meticulous document serves as our ethical compass, guiding our actions and decisions to ensure the highest levels of integrity across all aspects of our operations.

In tandem with our commitment to ethical excellence, we also maintain a 'Fair Competition Practices Code of Conduct', which underscores our commitment to maintaining a level playing field, promoting healthy competition, and adhering to industry norms.

Recognizing the paramount importance of accountability, we have implemented a 'Whistleblowing Policy', providing a secure and confidential avenue for reporting ethical concerns and potential violations. This policy stands as a testament to our dedication to transparency, fostering an environment where issues can be raised without fear of retribution, enabling us to address and rectify any deviations from our ethical standards swiftly and effectively.

Employees trained for Ethical issues through 'Business Code of Conduct' = 100%
No of Ethics violation reported through whistle blowing policy = 0

6.0. Sustainable procurement

GRI 308-1

Triton Middle East LLC operates a supply chain firmly rooted in sustainability principles, exemplified by our robust 'Sustainable Procurement Policy'. This policy mandates all our suppliers to unequivocally embrace our 'Supplier Code of Conduct', a blueprint that sets forth ethical standards and responsible practices. A hallmark of our commitment is our resolute avoidance of countries under international sanctions, as well as the steadfast exclusion of conflict minerals or materials from our supply chain.

Our dedication extends further as we meticulously assess potential suppliers through a comprehensive Supplier Registration Questionnaire. This survey features a discerning set of Corporate Social Responsibility (CSR) inquiries, allowing us to align ourselves with partners who share our unwavering commitment to sustainability and responsible business practices.

Triton Middle East LLC remains deeply invested in empowering diverse voices, exemplified by our proactive encouragement of female-led businesses. By fostering inclusivity and gender diversity, we aim to create an ecosystem where talent and innovation flourish.

In alignment with our pledge to uphold environmental integrity, we proudly adhere to the REACH regulations and fervently encourage our suppliers to do the same.

- **Sustainable procurement awareness provided to buyers = 100%**
- **Major Suppliers acknowledged our revised supplier code of conduct = 23.53%**

7.0. Products

GRI 102-27

The core of Triton Middle East's product portfolio comprises Sealants, Adhesives, and Coatings, each meticulously crafted to embody our commitment to quality and sustainability. An impressive milestone that underscores our dedication to environmentally conscious practices is that a substantial 90% of our products have achieved the esteemed Dubai Municipality's Green Building 'Al Safaat' certification, a testament to their classification as low-emitting materials.

Green Certified Products (Nos)

8.0. Sustainability Objectives/KPIs

| Sl No | Objectives | Targets | Programs | SDGs | Time Frame | Current Status |
|-------|--|--------------------------|--|-------|------------|-----------------------|
| 1 | Total Number of EHS incidents/Accidents reported | Zero incidents/Accidents | Periodically safety Inspections and Toolbox talks, Awareness training, Proper Implementation of ISO 45001:2018. | SDG-3 | 30-Jun-25 | No Accidents reported |
| 2 | Lost Man hours | 1% of the total manhours | Use of proper PPE, Employee Awareness, Risk Assessments, Code of Safe practices, Proper maintenance of machineries | SDG-3 | 30-Jun-25 | Zero lost manhours |

| | | | | | | |
